# Making the most of Warwickshire ICT

## Date to be confirmed

Venue: Pound Lane Learning Centre
Time:  4:30 am - 6.30 pm
SAS subscribers: FREE
SAS subscribers: £80

**Course overview:**
Warwickshire has an excellent track record and national reputation for the innovative use of technology in education.  Find out about the hardware, software and digital content that are typically found in Warwickshire primary schools.  Communicate and collaborate with WeLearn365, be creative with Purple Mash, walk with a humanoid robot and build something amazing with the power of LEGO. Experience the impact of iPads on learning and the power of new technologies like 3D printing. Meet the Online Safety Adviser and learn about key elements of online safety.

**Learning outcomes:**
- Use the variety of features, tools and resources that WeLearn365 provides
- Get to grips with the hardware in a typical primary school
- Know how to keep yourself and your pupils safe online
- Develop an awareness of the range of digital content available and innovative approaches to learning
